The company's new collection includes airy summer dresses, fetching appliqué tank tops, a sharp reclaimed denim jacket and one-of-a-kind reclaimed waste bag holders. The pieces are constructed of certified organic and high quality recycled fabrics. "At Pet Pod we are striving to be as environmentally friendly and eco-aware as possible. Eco-pup Dog Clothing is a natural fit for our vision. We all need to do our part for the world we and our four legged friends live in, and choosing Eco-pup is a great first step. We have a Boston Terrier named Stella and she wears an Eco-Pup noodle bowl hoodie. She loves it so much that she doesn't want us to take it off of her - even in the summer!"
Matt, owner of Pet Pod in Toronto
